) ss. AFFIDAVIT FOR SEARCH WARRANT

COUNTY OF LANCASTER)

Cole Jennings, being first duly sworn upon oath deposes and states that he is an Investigator for the Lincoln Police Department, Lincoln, Lancaster County, Nebraska. AFFIANT states he is currently involved in the investigation of an Possession of Firearm by Prohibited Person 28-1206(3)(B) (F1D) occurring on multiple dates, in Lincoln, Lancaster County Nebraska. AFFIANT has reviewed case reports regarding this investigation prepared by other involved Law Enforcement Officers.

Affiant's Background

Your Affiant has been a police officer for the Lincoln Police Department since 2009. Since 2016, Affiant has been investigating misdemeanor and felony crimes with the Lincoln Police Department to include homicide, burglary, robbery, assault, weapon offences, and narcotics. Your Affiant has training and experience in conducting criminal investigations.

This Affidavit is submitted in support of a search warrant. Since this Affidavit is being submitted for the limited purpose of securing a search warrant, your Affiant not set forth every fact known to me regarding this investigation. The statements contained in this Affidavit are based in part on the investigation that your Affiant has conducted, and information provided to your Affiant by other law enforcement officers verbally, and through written reports.

Case Facts

On 10-19-2023, your Affiant received a notification from the Lincoln Police Department Information Channel about a firearm purchase denial that occurred on this same date at Moore Pawn, 1621 M ST, Lincoln, Lancaster County, Nebraska. The denial notice stated that Mirzad Osmanovic had attempted to purchase a long gun, but was denied the purchase due to Osmanovic being the subject of a current qualifying protection order. Your Affiant was familiar with Osmanovic from past investigations and found that he was prohibited from possessing firearms due to him being convicted for Domestic Assault Third Degree NE State Statute 28-323(1). During the investigation into the denied purchase, your Affiant was able to locate the Snapchat account belonging to Osmanovic. This account was "mirzado24". Your Affiant confirmed this was

Osmanovic's account based on surveillance of the account and identifying Osmanovic from "selfie" posts from the "mirzado24" account.

On 11-14-2023, a confidential informant (CI) known to law enforcement purchased a firearm from Mirzad Osmanovic during a controlled purchase. This transaction was set up prior to the sale of the gun through Snapchat on this same date. The CI had communicated with Osmanovic through the application's chat feature to speak about prices, make and model of firearm, and ammunition. The conversation was photographed by Lincoln Police investigators. The account identified as belonging to Osmanovic and being used in this transaction was "mirzado24".

On 12-14-2023 at approximately 1730 hrs., your Affiant was conducting social media surveillance on Snapchat. Your Affiant observed a post by Mirzad Osmanovic on his Snapchat story. This post was a "selfie" video of Osmanovic holding a handgun with a light attachment.

On 01-10-2024, Osmanovic was again observed on Snapchat in possession of a black handgun in a picture. This picture was posted from the account "mirzado24" onto his Snapchat story. It showed Osmanovic with the grip of a black handgun sticking out of his pocket.

Account Preservation

A Preservation Request was served on 11-15-2023 and 12-15-2023 via email to Snapchat, Inc. Snapchat responded with a confirmation email and assigned the preserved data with Snapchat case number b501149fa3. Snapchat will preserve the data for a period of 90 days and will extend the preservation upon request.

Snapchat Specific Facts

Your AFFIANT knows through their own experiences and those of other Law Enforcement Officers that Snap, Inc. owns and operates a free-access social networking, electronic commerce, and cloud services application(s) of the same name that can be accessed using the Snapchat mobile application(s). Snapchat allows its users to establish accounts with Snapchat, and users can then use their accounts to post "Snaps", "Stories", "Memories", and send and receive "Chats".

"Snaps" are when a user takes a photo or video using their camera phone in real-time and then selects which of their friends to send the message to. Unless the sender or recipient opts to save the photo or video, the message will be deleted from their devices

(after the content is sent in the case of the sender and after it's opened in the case of the recipient). Users are able to save a photo or video they've taken locally to their device or to Memories, which is Snapchat's cloud-storage service.

"Stories" are when a user adds photo or video Snaps to their "Story." Depending on the user's privacy settings, the photos and videos added to a Story can be viewed by either all "Snapchatters" or just the user's friends for up to 24 hours. Stories can also be saved in "Memories".

"Memories" is Snapchat's cloud-storage service. Users can save their sent or unsent Snaps, posted Stories, and photos and videos from their phone's photo gallery in Memories. A user can also edit and send Snaps and create Stories from these Memories. Snaps, Stories, and other photos and videos saved in Memories are backed up by us and may remain in Memories until deleted by the user.

Using "Chat" a user can type messages, send photos, videos, audio notes, and video notes to friends within the Snapchat app using the Chat feature. A user sends a Chat message to a friend, and once it is viewed by both parties – and both parties swipe away from the Chat screen – the message will be cleared. Within the Snapchat app itself, a user can opt to save part of the Chat by tapping on the message that they want to keep. The user can clear the message by tapping it again.

"Voice" A user can also make voice and video chats using the Snapchat platform. Video chats can be one-on-one or with a group. Snap chat retains records of these contacts but does not retain content.

"Location" Snapchat users can also share their Live Location with select contacts or all of their friends. This option doesn't include people who've added the user as a friend, but who the user hasn't added back. Live Location data is shared with the chosen friends even while a user is in Ghost Mode. Users can opt out of Live Location at any time without prompting a notification to your friends. When Live Location sharing is enabled, the device's precise location data is collected and shared with the selected friends even when the user has the Snapchat app closed.

"AI" Snapchat has added an AI feature. My AI is a chatbot currently available to Snapchatters. In a chat conversation, My AI can answer trivia questions, offer advice, help plan a trip, or make other suggestions. My AI is powered by OpenAI's ChatGPT technology, with additional safety enhancements and controls unique to Snapchat.

The logs may contain meta-data about the Snaps, Stories, and Chats, but not the content. Your AFFIANT knows in certain limited circumstances it may be possible for us to retrieve the content of sent Snaps. Story content may be available for up to 24 hours, or until deleted by a user. Your AFFIANT knows Memories content may be available until deleted by a user.

Machine Cookies
