caller, Crystal Wilson, identified Travis Dillon as a suspect. She advised he fled the area wearing glasses, a black stocking cap and a black coat was observed leaving the area of the explosion in a brown Honda Accord. Wilson also said Dillon set off a half stick of dynamite in the hallway outside her apartment. His last known address is 4600 Briarpark Drive #514 Lincoln, Lancaster County, Nebraska, and DMV records show Dillon is the registered owner of a bronze 2006 Honda Accord, Nebraska plate YRI917. A review of LPD record management system shows Dillon is also a known associate of Wilson, the victim of this explosion.

Officers were also sent to 4600 Briarpark Drive, Lincoln, Lancaster County Nebraska, at approximately 1039 hours, and upon their arrival the Honda was not observed. Officers then approached the apartment building, where #514 is located, and observed a male wearing a black stocking cap and black coat also approaching the building. The officers yelled "Hey Travis" and the male responded to them. Dillon was then detained and placed in handcuffs. He was asked for consent to search his vehicle and apartment, and he gave consent to search to the officers while also providing them with the keys to both the vehicle and apartment.

When officers checked his 2006 Honda Accord, they observed an approximately six inch long and one inch diameter blue, white, and red cardboard cylinder with black electrical tape on one end and hot glue or wax on the opposite end in the front passenger door pocket. This matched the same debris color found at the scene of the explosion. The cylinder was left in place, the car was secured, and Lincoln Fire and Rescue Explosive Technicians were called to the scene to render it safe.

Officers then entered apartment #514 and observed a male sleeping on the couch. The male was awakened, and officers began searching. A live .223 caliber round and narcotics paraphernalia were found in a coffee table in the living room, approximately four bundles of bottle rockets were in a cabinet in the main bedroom, and numerous computer/electronic parts were observed all throughout the apartment in plain view.

Officer Johnson #1736 then called the officers at the apartment and notified them Dillon had revoked consent to search. The apartment was secured at that time by officers and held for further investigation. After being read his rights per Miranda, Dillon admitted the explosive device found in his vehicle was "TNT". During transportation to the Lancaster County Jail, Dillon stated, "I probably scared the hell out of that bitch" and "good when you mess with the Hells Angels you get the horns".

Lincoln Fire and Rescue Bomb Investigator Tim Stohlman performed an examination of the device found in Dillon's vehicle. He stated the device was filled half full of explosive

powder and is heavier than required to meet the statutory definition of an explosive device.

The above does constitute grounds of probable cause for the issuance of a search warrant to search 4600 Briarpark Drive #514 Lincoln, Lancaster County, Nebraska, which is an apartment on the second floor on the northeast corner of the building with the numbers 514 in white lettering on a placard on the door of the apartment for the following items:

Gunpowder, smokeless powders, explosive materials, items used to make explosives, narcotics and paraphernalia, proof of occupancy, firearms, ammunition, fuses, containers that can hold explosive materials, and receipts of the same.

Your AFFIANT is authorized to measure, photograph, video tape and seize the aforementioned items.

Further AFFIANT saith not;

Dated this 2<sup>nd</sup> day of January 2024.
